Golden Future

A public charitable trust in Lucknow bringing free education, digital skills, mental-health support and wellness to those who need it most.

ABOUT US

Guiding people toward a golden future

Golden Future began in 2008 with career guidance and counselling, and grew into an emotional-wellness centre and charitable trust. Today we run a family of community programmes — a free school for underprivileged children, a free computer-training centre, mental-health and counselling services, and residential wellness retreats.

Our work is built on compassion, integrity and empowerment, and it is open to all, regardless of socio-economic background. Golden Future is more than a name — it is our commitment to nurturing potential and inspiring hope.
